Aviraj Sawant

Java Backend Developer

PROFESSIONAL SUMMARY

Highly skilled in Java programming and enthusiastic about putting my recently acquired knowledge into practice on real-world projects. I possess a quick learning aptitude and a solid grasp of fundamental backend principles, making me well-prepared to actively participate in a dynamic development team while gaining hands-on experience in constructing resilient web applications.

PROJECTS

1. COVID-19 vaccination | ⊕ | ⬡
Java | Spring | Spring Boot | MySQL | Hibernate | Spring Security

- Developed an online COVID-19 vaccination registration system using *Java*, *Spring*, *Spring Boot*, *MySQL*, *Hibernate*, and *Spring Security*.
- Designed and implemented user and admin registration and authentication features.
- Managed vaccination records and appointment bookings, ensuring real-time updates for appointment scheduling.

2. Stock Master | ⊕ | ⬡
Java | Hibernate | JDBC | MySQL

- Created an online stock market application called Stock Master using *Java*, *Hibernate*, *JDBC*, and *MySQL*.
- Provided a user-friendly platform for stock browsing and purchases.
- Implemented user and admin registration with authentication and developed features for stock selection and order management.

WORK EXPERIENCE

Bosch Chassis Systems India Pvt Ltd.
Purchase Engineer
Jan 2021 - Sep 2021
Job responsibilities:

- Reviewed and uploaded PPAPs for various commodities to Bosch's portal, ensuring quality compliance. Facilitated part development by maintaining strong supplier relationships, including site visits when necessary. Enhanced quality control by mastering supplier and Bosch Quality Department checking methods. Collaborated with project teams and visited the shop floor for child part quality verification.

ACHIEVEMENTS

- **State hockey player,**
  Maharashtra State Level Hockey Tournament
- **Intermediate Drawing Grade Exam,**
  Government Of Maharashtra
- **Elementary Drawing Grade Exam,**
  Government Of Maharashtra
