## 💼 PROFESSIONAL EXPERIENCE

**PURCHASE MANAGEMENT QUALITY (NEW PRODUCT DEVELOPMENT) AT BOSCH BOSCH CHASSIS**
Trainee ⬈
Jan 2021 – Nov 2022 | Pune, India

- I reviewed the PPAPs (Production Part Approval Process) and uploaded them to the Bosch portal.
- The development of parts involved all commodities, including sheet metal, plastics, turning commodities, casting, etc.
- I followed up with suppliers for technical and PPAP documents.
- If required, I visited suppliers during the development stage for new part development.
- I understood the checking methods of suppliers and the Bosch Quality Department.
- I worked in line with the projects team.
- I visited the shop floor and quality departments to verify the child parts.
